

# BATTLE FOR HUMANITY

## BATTLE FOR HUMANITY

Battle for Humanity is a multi-year, global initiative harnessing the power of millions of youth to fight humanity's most destructive force -- violent conflict. Battle for Humanity will tackle physical, structural, and emotional violence by attacking the problem, not each other.

Our mission is to equip this generation to disrupt all types of violence.

Our vision is to be the generation that rejects violent conflict as an option.

WHY WE NEED A GLOBAL MOVEMENT...

# VIOLENCE IS A LEADING CAUSE OF DEATH AMONG YOUNG PEOPLE AGED 15-29 WORLDWIDE

- ETHNIC/RELIGIOUS TENSIONS
- STREET VIOLENCE
- SEXUAL VIOLENCE

- WAR
- BULLYING
- VIOLENT EXTREMISM

- GENOCIDE
- POLITICAL OPPRESSION
- CHILD SOLDIERS

PHASE 1: 2015

## OPERATION WAGE PEACE

Operation Wage Peace is how we will initially engage global youth in this greater movement and vision. Operation Wage Peace is a gamified platform that offers young people global comrades and tools/resources to be heroes in their community, while maintaining all the fun and adventure of a videogame in real life.

### A HERO'S JOURNEY IN THREE STEPS

#### 1. ENLIST

Take the pledge, get your own profile page, and join the movement.

#### 2. RECEIVE MISSIONS

Access training and real-life missions to disrupt violent conflict in your area.

#### 3. BE A HERO

Gain points, badges and new rankings as you better your community with each completed task.

Missions are on- and off-line, ranging from sharing a video to holding a dialogue, from donating clothes to a women's shelter to mentoring an at-risk-child. Missions can be 'multi-player' so youth can complete missions with their local 'comrades'.

### OTHER UPCOMING BATTLE FOR HUMANITY ACTIVITIES INCLUDE:

### PARTNERS

Battle for Humanity is an initiative of Search for Common Ground in partnership with The Global Brain and other strategic partners:
